ALICE IN SOUTHAMPTON COUNTY

ALICE is an acronym for **A**sset **L**imited, **I**ncome **C**onstrained, **E**mloyed – households that earn more than the Federal Poverty Level, but less than the basic cost of living for the county. While conditions have improved for some households, many continue to struggle, especially as wages fail to keep pace with the rising cost of household essentials (housing, child care, food, transportation, health care, and a basic smartphone plan). Households below the ALICE Threshold – ALICE households plus those in poverty – can't afford the essentials.

The Cost of Basics Outpaces Wages

The Household Survival Budget reflects the minimum cost to live and work in the current economy and includes housing, child care, food, transportation, health care, technology, and taxes. It does not include savings for emergencies or future goals like college or retirement. In 2022, household costs in every County in Virginia were well above the Federal Poverty Level of \$13,590 for a single adult and \$27,750 for a family of four.

The Labor Landscape is Challenging for ALICE Workers

A small portion of adults (16 years and older) in Southampton County were unemployed and a large number were working in 2022. However, a substantial portion of both full and part-time workers are paid by the hour; these workers are more likely to have fluctuations in income and less likely to receive benefits.
